DEDICATION

In past years, the yearbook has been dedicated to a countless number of individuals, who, in one way or another, have dedicated themselves to this school and its students.

Progressing through the years, it has been said that "the school is the students, and the students are the school." It is for this reason that ***we dedicate this, the 1980 Century Yearbook, to you, the students of Kelloggsville High School.***

HOMECOMING '79

The 1979 Homecoming was a great success. The theme was "The Wizard of Oz". The Junior, Sophomore, and Freshman classes all made floats to go with the theme. Winner of the competition was the class of 1981.

The dance was held after the game, which we won. Last year's King and Queen, Jim Smits and Jeanne Ayuso, came back to crown this year's King and Queen, Scott Wolford and Gloria Tate, respectively.

A special thanks is due to the Senior class, who hosted the dance, the group "Trilogy", and all the other people who helped to make this Homecoming a memorable one.

Exciting football and winning tradition were the highlights of this football season. Our team showed an offense that was both an inside and an outside threat. Our defense held the opponents to almost half the number we scored. But most of all, the players themselves displayed a fierce loyalty and pride for the team and their school.

The J.V.s finished their season at 4-4-1. The team consisted of 12 sophomores and 5 freshmen. As a team they had many strengths. Some of them were team defense, team play, outstanding effort, and a good attitude. These men were a pleasure to work with.

The goal of freshmen football is to teach young atheletes the proper fundamentals of the game, sportsmanship, self-discipline, responsibility to a commitment and team play. This freshman season was a success in the areas of personal development, both physically and emotionally on the part of our players.

As coaches we were very proud of this year's squad. They were willing to work hard and make sacrifices for their teammates. We wish them continued success in the future.

The Varsity ended with a record of 5 wins and 12 losses. In spite of the record, we felt that the girls performed extremely well. We were hit with a number of situations where we did not have the entire team available for many of the games.

Our seniors were the leaders, but the girls returning next season played a very vital role in all of our games.

We feel that with three regulars coming back along with the reserves and the girls from the Junior Varsity our team should be very competitive next season. I personally would like to congratulate each girl on the squad and thank them for their effort.

The 1979 girls basketball team won two games. Their record is not an indication of the effort put forth by the team. The girls, though not successful in the won-lost column, worked hard and had an enjoyable season. The highlight of the year was the triple overtime game against Byron Center High School.

K-Ville's golf team did extremely well this year. At the season's ending, the team had lost only 3 matches, won 11, and tied 1. They finished sixth in regionals with Jerry Sturm, Brian Lach, Brian Kammeraad, and Tsuruki Yoshimura playing for Kelloggsville. Over-all, our golf team did very well this year, losing only one home match all season. We should be able to look forward to a very successful team next year.

This years team will be known as a record setting one. Despite it being a young team, only three seniors, the team set five individual records.

The high lights of the season would have to be our three conference champions: Dale Gryzen, Rick Hudson, and John Grutter, and our first state champion: John Grutter. We have a great young team whose dual record only shows the strength of our league. This young team has an excellent future and could be one of the best teams in the state within the next three years.

The 1979-80 Rocket teamtook the theme of "family" and it has been an exciting, successful year. These players liked the fast pace tempo that a game can provide and it proved to be an interesting contest for all fans. Goals were set and most were realized. The team played hard, cooperated and sacrificed when necessary, their record is proof of their effort. They were and are a family that cares and wants to win, with an attitude like that everyone should look forward to next year.

The 1979-80 Freshman Basketball team enjoyed a very successful season. The team compiled a record of 14-3. At one point in the year, the Rockets won eight consecutive games. Tom Kazen and Louis Mojica led the team in scoring. Coach Bill Botts Squad took a great deal of pride in their defense as they held opponents to less than 41 PTS. per game while scoring almost 50 per game.

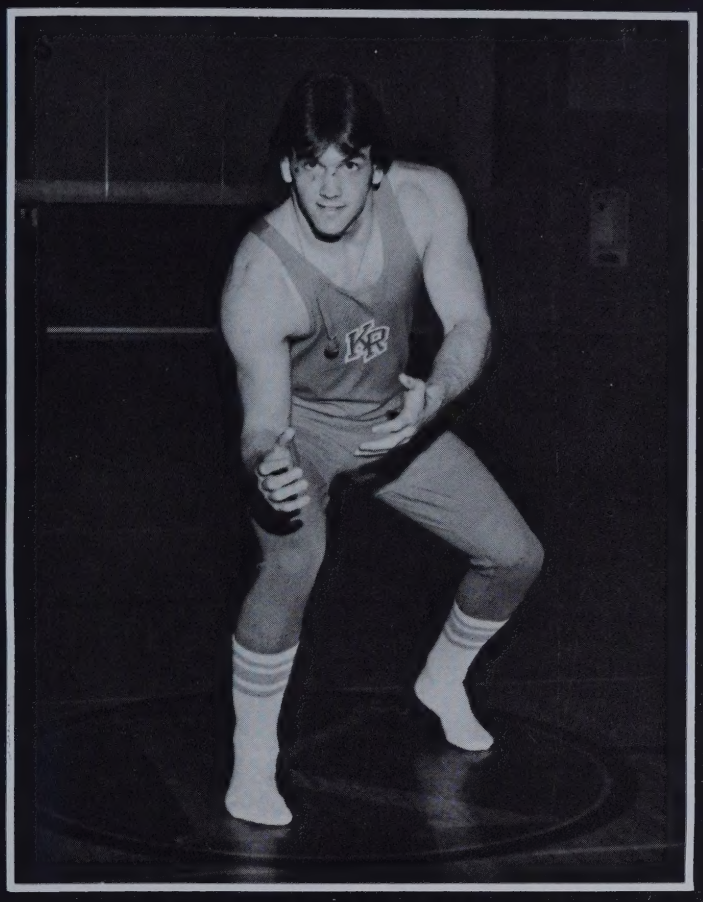
GRUTTER NAMED STATE CHAMP



This year saw many firsts in terms of school happenings such as a teacher strike, a millage that passed, etc. But none can match the pride or happiness displayed when John Grutter attained something that no other athlete in the history of Kelloggsville ever has. John became our first state champion. After winning titles at conference, districts, and a second place in regionals, John went on to take the state championship in the Class C 198 lb. state meet.

John also set another first in our history when he was named as the "OK Blue Conference Athlete of the Year."

We the 79-80 Century staff, along with students and Staff alike, salute John and his efforts. Congratulations and good luck in your future, John.

Kelloggsville Pom Pon Girls have been an active school organization for ten years. During these, they have enjoyed the success over these years of bringing home 12 trophies and over 40 ribbons.

During this time over 250 girls have worn the uniforms representing a Pom Pon Girl. Some of the girls have been on the squad 4 years and some only one or two, but all have had some good memories to take them through the years of school.

Let me thank all the girls on the squad this year for a most enjoyable year. We owe it all to a very appreciative audience — the student body and the staff. thank you —

It has been a great experience being co-editor of the yearbook this year. There have been many trying times, but with the help of Mrs. Gordon, the members of the yearbook staff, and members of the faculty, we finally finished. I hope you enjoy reading this yearbook as much as I enjoyed helping put it together.

Jim Peters

Putting together this yearbook has been one of the most memorable years in my life (to say the least). The help of everyone who contributed is deeply appreciated, especially Mr. Unseld, who put up with me three quarters of the day in order to get pictures ready. I speak for both Jim and I when I say that it is my only hope that this yearbook serve only one purpose; to hold good all of those terrific memories of this past year. Al Lemire

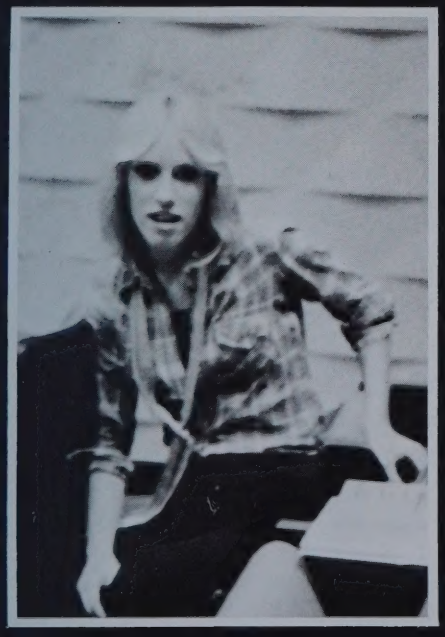
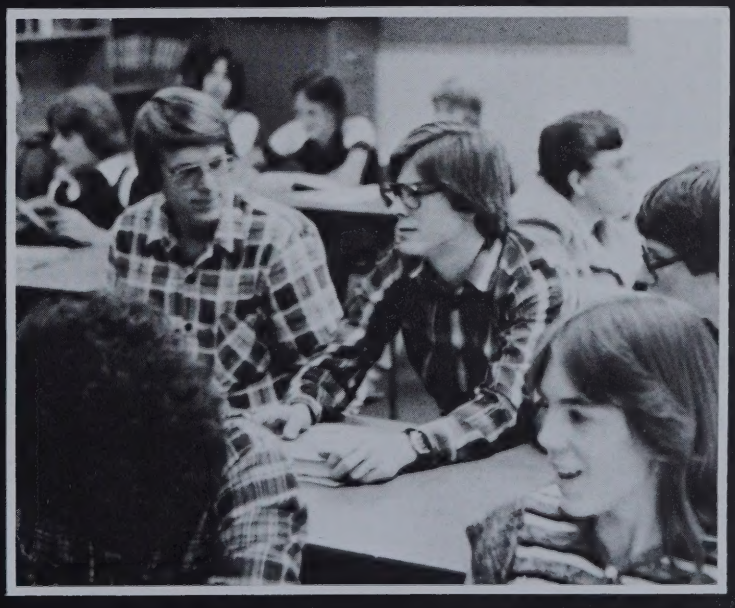
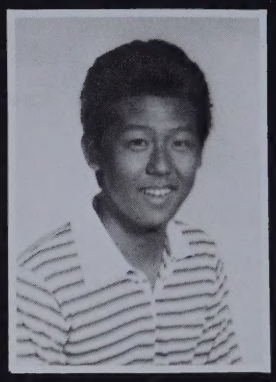
UNDERCLASSMEN





"TSURUKI"



On August 25, I came over to Grand Rapids, Michigan. At first I was very shy and nervous, because I didn't know anyone and I couldn't speak very well. But now I have many friends that I have a lot of fun with.

I enjoyed playing golf on the golf team. I didn't play very well at first practice, but I made best score in our first game. I went to football games and I wish I could play. I liked to watch basketball games also. I enjoyed playing baseball so much. I'm very glad I played on varsity baseball team, and we champion in the OK Blue Conference. I was very surprised that I made all-conference, all-region, and all-state. I was very lucky this year.

One of the hardest things for me was learning English and doing school work. Now I can speak English a lot better. I like all the people at Kelloggsville. I like all the people here so much that I don't want to go home. There are many things here that I will remember; Homecoming, Florida, Prom, when I got picked up in a limosine, graduation, drive-ins, miniature golf, concerts, in class, my friends and Kelloggsville High School.

This was the greatest year in my life. I want to spend a lot of more great time here, but too bad I have to go back to Japan once. I hope I can come back here next year.
